MEDICAL PLAN

Morris Rugby Contracts with Atlantic Physical Rehabilitation and Concussion Center for all home games. A Certified Athletic Trainer will on prior to the start of the game. The trainers will provide medical equipment including an AED on site. Home team should provide Ice. Care will be rendered to players of both teams if need. If deemed necessary that transport via an ambulance is needed 911 is to be called. Morris Rugby will assign a site manager to assist Medical Staff as necessary.

Field locations are as followed:

**Pocono Rd Field – 18 Pocono Rd Denville NJ Veterans Fied – Zeek Red Denville NJ
Mennen Arena – 161 East Hanover Ave. Morristown NJ**

If there is a dispute over the medical care of an athlete this must be brought to the attention of the medical director and the incident will be recorded in writing. Situations such as this will be dealt with on a case-by- case basis

In case of an injury the procedure will be:

If injury occurs during warm ups or outside of a schedule game the athlete should report to the medical tent for assistance. The medical staff to the scene will conduct a primary on-field assessment. If the injury is not serious the medical staff will bring the athlete to the sidelines and conduct a secondary assessment.

If the injury is serious the tournament ATC will take the field and assist. The ATC will inspect the athlete and determine if the ambulance is needed for transport to the hospital. The Site manager will assist in organizing hospital transport for the athlete by private vehicle (with family or friend) if an ambulance ride is declined. All major treatment of injuries will be recorded in a medical report by the medical staff that administered treatment.

The ATC will collect the reports at the end of each day of competition.
